HAFIZ MUSTAFA AMIN
GAME DEVELOPER

PROFILE

As a computer science student, I've delved into Unity for fun, but it became my career aspiration. I excel in game design, mechanics, and storytelling, aiming to create immersive experiences. I'm always learning and staying up-to-date with industry trends. I believe my contributions to game development can be impactful.

EXPERIENCE

Associate Game Developer (Finz Games)
Lahore | March 2024 - Present
I have learned industry standards and have worked as an Associate Game Developer and have worked on many projects.

Unity 3D Intern (UMT University - FYP Project Virtual UMT)—Rector Award Winner Project
Lahore | August 2023 - June 2024
I used Unity C# and spatial Plug-in for my final year project (FYP) and created the project UniVerse (Virtual UMT), which is available on my university's official website.

Director of Events Mindstorm Student Chapter UMT-LHR
Lahore | February 2023 - Till Present
I have effectively managed teams and organized various events related to game creation. Additionally, I am actively involved in community work in this field.

Assocciate Unity Game Developer (YoBro Studios)
Lahore | September 2022 - February 2023
I have contributed to the development of games like **Car Chase** and **Tractor Parking**, both of which are available on the Play Store.

Unity Game Designing GameJams (Mindstorm)
Lahore | Summer GameJam & Winter Game Jam
I have participated in multiple Game Jams organised by Mindstrom studios.

Unity Game Development Freelancing
Lahore | July 2022 - Present
Upwork/Fiverr as a Unity game Developer working on C#.

Personal Projects
In my free time, I have undertaken several personal projects that I poured my heart and soul into. I have curated a collection of videos showcasing some of these projects, which I have conveniently shared with you via a Google Drive link.
